OVERALL DEBT OBLIGATIONS SUMMARY

The following charts and schedules summarize all current City debt obligations, with the original principal amount and the principal outstanding as of July 1, 2019:

Estimated Principal Outstanding July 1, 2019

Included in this Debt Obligation Summary is information about external and internal debt obligations from Fiscal Year (FY) 2016-17 through the Fiscal Year 2019-20 Budget.

Summary

Ranchero Road Interchange Loan from SBCTA

The Ranchero Road Interchange Loan from the San Bernardino County Transportation Authority (SBCTA), formerly San Bernardino Associated Governments (SANBAG), is related to the construction and financing of the Ranchero Road Interchange. After SBCTA's final reconciliation, the City's obligation was determined to be \$18,762,403, and the related 10-year repayment agreement was approved by the City Council on May 1, 2018. The first annual payment was made in March 2019 (FY 2018-19). More information about the interchange project can be found in the Capital Improvement Program (CIP) section of this document.

2016 State Revolving Fund (SRF) Loan

The 2016 State Revolving Fund (SRF) Loan provides financing for the construction of the reclaimed water pipeline distribution system. The \$9,946,413 loan will be repaid over a 30-year period at 1% interest, with repayment of principal and interest to begin one year after the completion of construction. Through FY 2018-19 it is estimated that \$4,455,704 will be drawn against the SRF loan. More information about the reclaimed water pipeline project can be found in the CIP section of this document.

2014 Development Impact Fee (DIF) Loan From the General Fund

Due to the depletion of cash reserves within the 2013 Civic Plaza Refunding Lease Revenue Bond Fund, additional contributions are required from the Development Impact Fee (DIF) – Public Services Fund (87.25%) and General Fund (12.75%). Revenues within the DIF – Public Services Fund are insufficient to contribute the full FY 2019-20 contribution amount of \$730,064. Existing DIF cash reserves and projected FY 2019-20 revenue will be utilized. Therefore, an increase of \$350,000 is needed in the General Fund loan to DIF, for a cumulative total loan amount of \$3,000,324 through FY 2019-20. Additional increases in the General Fund loan to DIF Public Services may be needed in future years until revenues are sufficient to cover DIF's percentage of the annual 2013 Civic Plaza debt service requirements.

1998A Variable Rate Lease Revenue Refunding Bonds

The letter of credit for the Water District 1998A Variable Rate Lease Revenue Bonds was renewed in 2018, with a three-year agreement through November 2021.

Water District 1992B Certificates of Participation (COPs) and 1998B Lease Revenue Refunding Bonds

During FY 2017-18, proceeds from the sale of Eagle Plaza facility were used to defease the Water District's 1992B COPs and 1998B Bonds, which together had financed the initial purchase of the building. While the COPs were not subject to optional prepayment prior to their maturity date of June 1, 2022, the Water District entered into an Escrow Deposit and Trust Agreement and deposited funds with the trustee sufficient to fund the repayment of the COPs through maturity. The 1998B Bonds, which also financed approximately half of the facility, were able to be retired prior to their maturity date of June 1, 2022 and were redeemed during FY 2017-18.

INDIVIDUAL DEBT OBLIGATION SUMMARIES

This section summarizes the individual debt service obligations of the City included in the Fiscal Year 2019-20 Budget. These obligations represent the City's annual installment payments of principal, interest, and administrative/other costs for debt financing. Each debt obligation is summarized with a description, relevant financial information, and a brief analysis and recommendation. Please note internal debt obligations, i.e. obligations between various City funds, may also be included if it is relevant to understanding the City's debt obligations.

Analysis and Recommendation

This debt issue refinanced the previous 2005 Civic Plaza Certificates of Participation (COP). This new issue has fixed interest rates and bonds cannot be called prior to October 1, 2023. The bonds will be paid according to the debt service schedule. As with the previous 2005 COPs, Public Services DIF will continue to fund 87.25% of the debt service, with the General Fund contributing the remaining 12.75%. The next arbitrage rebate calculation will be performed October 2023.

Due to insufficient funds within Public Services DIF, the General Fund will continue to provide a loan to DIF so that the required contribution for the annual debt service can be made. This is a loan that is administered separately from the Civic Plaza debt issue.

INDIVIDUAL DEBT OBLIGATION SUMMARIES (Continued)

City – 2014 Development Impact Fees (DIF) Public Services – Loan from General Fund

Purpose/History: As referenced in the City – 2013 Civic Plaza Refunding Lease Revenue Bond debt, Development Impact Fee (DIF) Public Services contributes 87.25% of the annual debt service for the City Hall building financed by the Civic Plaza bonds. Beginning in FY 2014-15, the DIF Public Services Fund did not have sufficient cash to fully fund the 87.25% contribution. Therefore, with the adoption of the FY 2014-15 Budget, a loan from the General Fund to DIF was needed in order for DIF to make the needed contribution to pay the debt service on the bonds. The loan amount will increase annually until the DIF Public Services Fund has sufficient cash to make the full 87.25% contribution to the debt service fund.

Original Principal Amount: \$65,840*

*Note: During FY 2014-15, the initial loan amount was \$65,840 but was increased by \$88,680 to \$154,520 due to an extension of the "Development Impact Fee Reduction Program".

Principal Outstanding Balance as of:

Analysis and Recommendation

Repayment of this debt obligation will be made as soon as sufficient DIF – Public Services funds are available.

The combined DIF Public Services and DIF City Hall Funds are projected to have insufficient funds for the FY 2019-20 needed contribution of \$730,064. Existing DIF cash reserves and anticipated FY 2019-20 DIF revenue will be utilized. Therefore, an increase of \$350,000 is needed in the General Fund Loan to DIF Public Services/City Hall, for a cumulative total loan amount of \$3,000,324 through FY 2019-20. Depending upon the level of DIF Public Services revenue in the future, additional loans from the General Fund may be needed in future years.

City – Rancho Road Interchange Loan from SBCTA

Purpose/History: In April 2014, the City entered into a Construction Cooperative Agreement with the San Bernardino Associated Governments (SANBAG), which is now known as San Bernardino County Transportation Authority (SBCTA), for the construction and financing of the Rancho Road Interchange, and the related Term Loan Agreement was approved by the City Council on May 1, 2018. These agreements identify the funding responsibility as (42.5%) SBCTA share and (57.5%) the City's share, in addition to the City's responsibility for 100% of SBCTA management and oversight costs.

These agreements specify that the City's portion of the project cost is due at completion of the project and any amounts unpaid at that time would be converted to a loan to the City by SBCTA. After SBCTA's final reconciliation, the City's obligation was determined to be \$18,762,403.05. This ten (10) year loan includes interest calculated at the Local Agency Investment Fund (LAIF) rate, with the first payment due by March 15, 2019 and subsequent payments due each March 15th thereafter. The repayment source is Streets Development Impact Fees (DIF). In the event that there are insufficient Streets DIF funds available to pay the annual loan installment, SBCTA will withhold funds from the City's Measure I allocation. Any withholding from Measure I related to the loan agreement would create a loan between Measure I and Streets DIF that would be repaid by DIF.

Original Principal Amount: \$18,762,403.05

July 1, 2017	\$	*0
July 1, 2018	\$18,762,403	
Estimated July 1, 2019	\$16,886,163	

*Note – Actual amount of the City's obligation was not determined by SBCTA until FY 2017-18 and approved by the City Council on May 1, 2018.

Interest Rate: Variable; at the Local Agency Investment Fund (LAIF) rate

Maturity Date: Annual payments beginning March 2019, with full repayment expected March 2028.

Funding Sources: Streets Development Impact Fee (DIF). In the event that Streets DIF funds are insufficient to pay the annual loan installment, SBCTA will withhold funds from the City's Measure I allocation. This withholding from Measure I will create a loan between Measure I and Streets DIF that will be repaid from Street DIF revenues.

Water District - 1992B Certificates of Participation

Purpose/History: On June 1, 1992, the Water District issued 30 Year Certificates of Participation for \$1,405,000 to fund the acquisition of 47.6% of an administration building and the parcel of land on which it is located.

Original Principal Amount: \$1,405,000

Principal Outstanding Balance as of:

July 1, 2016	\$ 615,000
July 1, 2017	\$ 535,000
July 1, 2018	\$ 0*

Interest Rate: 9%

Maturity Date: The Certificates mature June 1, 2022; however due to the sale of Eagle Plaza, the debt was defeased during FY 2017-18.

Funding Source: Hesperia Water District – The District has covenanted that it will set rates and charges for water and sewer services, which will be at least sufficient to yield, during each fiscal year, net revenues equal to 105% of debt service.

Note: Budgetary Basis Adjustment – For budgetary purposes the principal payments are reflected in the actual columns, whereas the Comprehensive Annual Financial Report (CAFR) reflects a reduction in the liability. Also, the CAFR shows an interest accrual, whereas the budget does not.

Analysis and Recommendation

The 1992B Certificates of Participation (COPs) were defeased during FY 2017-18, as a result of the sale of the Eagle Plaza facility. While the COPs are not subject to optional prepayment prior to their maturity date of June 1, 2022, the Water District entered into an Escrow Deposit and Trust Agreement with the trustee and deposited funds sufficient to pay off the COPs through maturity. The placement of these funds with the trustee enables the trustee to make the full principal and interest payments as they come due through their maturity in June 2022.

*Note – The Certificates of Participation were defeased during FY 2017-18.

Water District - 1998A Variable Rate Lease Revenue Refunding Bonds (Taxable)

Purpose/History: On July 2, 1998, the Water District issued 1998A revenue refunding bonds to refund the 1991 \$17,675,000 Certificates of Participation (COP) that were issued June 1, 1991. The 1991 COPs were issued to refund earlier 1990 COP. The 1990 COPs were being used to fund improvements to the District's Water Facilities to replace approximately 65 miles of deteriorating 4, 6, and 8 inch steel water pipeline, as well as refund prior indebtedness of the District.

Original Principal Amount: \$18,040,000

Principal Outstanding Balance as of:

July 1, 2016	\$ 8,840,000
July 1, 2017	\$ 8,060,000
July 1, 2018	\$ 7,250,000
Estimated July 1, 2019	\$ 6,410,000

Note: For financial statement purposes, the bond discount and the difference between the reacquisition price and net carrying value of the 1991 COPs have been deferred and are amortized over the remaining life of the bonds.

Interest Rate: Variable. As of June 1, 2005, \$10,000,000 was swapped to a fixed rate of 5.96%. During FY 2019-20, the swap reduces to \$6,910,000.

Maturity Date: June 1, 2026

Funding Source: Hesperia Water District – Taxes and User Fees

Total	\$1,490,027	\$1,444,819	\$1,477,125	\$1,415,372	\$1,421,875

Note: Budgetary Basis Adjustment – For budgetary purposes the principal payments are reflected in the actual columns, whereas the Comprehensive Annual Financial Report (CAFR) reflects a reduction in the liability. Also, the CAFR shows the interest accrual, as well as the amortization of discounts and deferred charges, whereas the budget does not.

Analysis and Recommendation

This obligation will be paid according to the debt service schedule. For FY 2019-20, the original \$10,000,000 swap is reduced to \$6,910,000. The swap has a stated rate of 5.96% and the agreement is based upon London Interbank Offered Rate (LIBOR) BBA (British Bankers' Assoc.). However, the interest rate paid to US Bank is based upon rates resulting from the remarketing process which may be different from the LIBOR BBA, depending upon market conditions at the time. For FY 2019-20, a rate of 6.25% will be budgeted to sufficiently cover the interest. The letter of credit has been budgeted at 1.45%, as that is the category the debt issue currently falls within.
